PROFESSIONAL SUMMARY:

Results-driven Frontend Developer with 2 years of industry experience, specializing in crafting responsive and mobile-friendly web applications using cutting-edge technologies such as Angular and React. Proficient in the trifecta of web development – HTML, CSS, and JavaScript, with a keen focus on modern frameworks. Adept at collaboration with backend developers to seamlessly integrate APIs, ensuring smooth data flow between frontend and backend systems.

TECHNICAL SKILLS:

- **Frontend** – Javascript, Angular, React JS, HTML, CSS
- **Backend** – Spring Boot (Java)
- **Database** – MySQL
- **Tools** – VS Code, GitHub, Postman, Eclipse, MySQL Workbench

EXPERIENCE:

Frontend Developer – Maeko Tech Solutions

- Developed responsive and mobile-friendly web applications for optimal user experiences.
- Collaborated with backend developers to seamlessly integrate APIs and ensure smooth data flow.
- Led frontend development for projects like Cube-Invoice and SPO Trading, implementing responsive designs.
- Proficiently utilized GitHub for version control and collaborative development.

PROJECTS:

ProductivityPulse 🔗
Tech Stack: Angular, Typescript, Spring Boot, Java, Tailwind CSS.

- Frontend development using Angular for creating interactive, intuitive, and responsive user interfaces.
- Backend implementation with Spring Boot (Java) for API integration and database operations.
- Implemented robust user authentication and authorization using AuthGuard, JWT, and Localstorage.

News-Horizon 🔗
Tech Stack: Html, CSS, JavaScript, ReactJS, Bootstrap, NewsAPI

- News-Horizon is a web application that provides users with the latest news from around the world.
- The app utilizes the NewsAPI to gather news articles.
- The key features of News-Horizon include advanced filtering options and infinite scrolling functionality, which enable users to seamlessly browse through a virtually endless stream of news articles.

TextUtils 🔗
Tech Stack: Html, CSS, JavaScript, ReactJS, Bootstrap

- TextUtils offers a swift and efficient solution for text analysis, catering to various needs, whether it's counting words, characters, or evaluating entire paragraphs.
- This free character counter tool provides instant character count and word count statistics for any given text.

EDUCATION:

Gov. Engineering College, Bikaner (RTU) | B.Tech in Computer Science | 2016-2020

A dedicated professional with a strong foundation in computer science, consistently delivering high-quality frontend solutions and contributing to successful project outcomes.
